

14th July 2016

Dear Parents/Carers

Year 7 – 10 Exams

I am writing to remind you of the upcoming end of year exams for your son.

These exams will help to prepare your son for their future GCSEs as well as assess their current attainment and aid in setting and teaching decisions for next year. The exams will begin on the 20th June and run until the 11th July.

Students will be expected to bring all of the required equipment for each exam and conduct these assessments within full exam protocol. The results of these exams will be sent home before the end of term.

If you have any questions concerning these exams please do not hesitate to contact Mr Jeffries at the College.
